LUNA MINI PORTABLE 175 SANIFIER

I have owned the above model now for a number of weeks for use in my home.

Throughout that time I have had it permanently plugged in and I am delighted to say that it performs precisely as promoted.

It eliminates any smell associated with smoke or food and provides a fresh atmosphere at all time.

I shall be pleased to recommend the Luna Mini to friends, and I intend to purchase another one for personal use.

You have my permission to use this recommendation in any documentation, as appropriate.
